Steel Tippers- Still the Bees Knees

After much customer demand, Lusty EMS is now building steel tipper trailers. Complementing their already extensive product range of aluminium body and dog trailers, B-doubles, moving floors and flat top trailers, the new steel tippers mean that Lusty EMS has tippers covered.

The steel trailers are available in body and dog configuration, side tippers and 25 metre B-doubles with tip over axle and chassis tip versions. Ideally suited for the demolition, excavation and quarrying industries, Lusty EMS steel tippers are designed to withstand the toughest, most gruelling work, day after day, year after year.
